

CHRISTLETON INSTITUTE

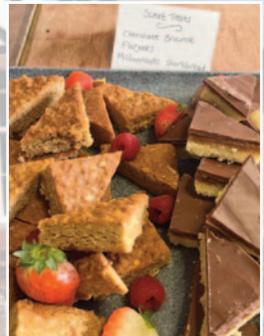

Situated in the heart of Christleton village lies the Christleton Institute, just a stone's throw from St James Church and a couple of miles from the beautiful city of Chester. Our venue is available for exclusive, free hire Monday to Friday and occasional weekends and is fully licensed. We pride ourselves on a unique mix of locally sourced drink options, some more mainstream products and some that you'll not find for miles around. We are also in partnership with King's Kitchen who are the food operation behind the Spitting Feathers pubs Brewery Tap, Chester Station Tap and West Kirby Tap and are here to provide you a memorable food offering for whatever the occasion.
